## BRITISH INSTITUTE AT ANKARA

Understanding Turkey and the Black Sea

### MEMBERSHIP INFORMATION

The Institute supports, promotes and publishes British research focused on Turkey and the Black Sea littoral in all academic disciplines within the arts, humanities and social sciences, whilst maintaining a centre of excellence in Ankara focused on the archaeology and related subjects of Turkey and the Black Sea region.

For further information about the Institute please visit our web site

**[www.biaa.ac.uk](http://www.biaa.ac.uk)**

The British Institute at Ankara (BIAA), founded in 1948 and incorporated in the 1956 cultural agreement between the Republic of Turkey and the United Kingdom, is internationally renowned for conducting world-class research in Turkey and the Black Sea region in the fields of history, archaeology and related social sciences. As one of the British Academy's overseas institutes, the BIAA facilitates the work of UK academics working in Turkey, and promotes collaborations with scholars based in Turkey and the Black Sea region. It has offices in Ankara and London, and a dedicated staff of experts from diverse disciplinary backgrounds.

The Institute's premises in Ankara are maintained by a small administrative and research staff, and provide a research centre for visiting scholars and students. The centre houses a library of over 55,000 volumes, research collections of botanical, faunal, epigraphic and pottery material, together with collections of maps, photographs and fieldwork archives, and a laboratory and computer services.

The Institute uses its financial, practical and administrative resources to conduct high-quality research. The overall focus of the research sponsored by the BIAA is on history, society and culture from prehistory to the present day, with particular attention to the ideas of Turkey as a crossroads, Turkey's interactions with the Black Sea region and its other neighbours, and Turkey as a distinctive creative and cultural hub in a global and neighbourhood perspective. The BIAA supports a number of projects grouped within its Strategic Research Initiatives, which reflect current research concerns in the international and the UK academic communities. These are: Climate and its historical and current impact; Migration, minorities and regional identities; Religion and politics in historical perspective; Habitat and settlement in prehistoric, historical and environmental perspective; Cultural heritage, society and economy in Turkey. The Institute also offers a range of grants, scholarships and fellowships to support undergraduate to post-doctoral research.

Full Subscription to the Institute costs £50 per annum and £25 for students and those who are unwaged. A reduced subscription 'Without Journal' is also available, which still includes all other benefits. Members are entitled to copies of the Institute's annual journal, Anatolian Studies, and of its annual publication which reports on current research, Heritage Turkey, a discount on other Institute publications, notification of conferences and lectures, and access to the Institute's library, research collections, accommodation and other services in Ankara.
